Notes:

¹ Items 2 and 3 are project developed. Item 1 is not project developed, but is a well-known global indicator of health. Items 4-8 are the CAGE screener for alcohol abuse, and are not project developed. ² Several of the items are from CBCL, 1991 version. See Measures Manual. ³ Global health item is well-known indicator of global health and is not LSCAN authored. See Measures Manual. ⁴ See Measures Manuals for descriptions of version utilized and modifications of both CTS scales. ⁵ Items 1-9 are LSCAN developed. Items 10 on are a revision of the Parent-Child CTS items. ⁶ This measure, while developed by LSCAN Investigators, was developed prior to LSCAN for Child Victim as Witness Project.
